Calcium Citrate Soft Chews are a convenient alternative to pills and a great addition to your daily nutrition and health regimen.

Healthy bones and teeth

Just one soft chew provides 500 mg of calcium and 20 mcg (800 IU) of vitamin D-3, which help to build and maintain strong, healthy bones and teeth.* Each chew also includes vitamin K-2, which plays a role in bone health and is an essential nutrient involved in the formation of the bone matrix.*

Highly absorbable

These soft chews are made with calcium citrate, a form of calcium that is absorbed more easily by the body so you get maximum results. And they include vitamin D-3, which enhances calcium absorption.

Convenient

Our delicious soft chews are gluten free. Plus, they're individually wrapped, making them easy to take on the go.
