## ORIGINAL+

### One-a-day Food Supplement with LMZ3™ and Vitamin B2.

One-a-day Food Supplement with LMZ3™ and Vitamin B2.

UK

### LMZ3™ EXPLAINED

MacuShield™ supplements contain LMZ3™ carotenoid blend. This is a very specific blend of nutrients developed from the Tagetes erecta flower to produce the levels of lutein, meso-zeaxanthin and zeaxanthin in a very specific formulation.

### DIRECTIONS

Take one softgel capsule daily with a meal.

### CAUTION

- Food supplements should not be used as a substitute for a varied diet or a healthy lifestyle.
- Do not exceed the recommended daily dose.
- Keep out of the sight and reach of children.
- Tamper evident blisters – do not use if foil is broken.
- Pregnant or lactating women should consult a doctor or a pharmacist before using this product.

## PRODUCT INFORMATION

This once a day, easy to swallow capsule combines all three macular carotenoids: lutein, meso-zeaxanthin and zeaxanthin. Scientific research shows that these three nutrients are found at the back of the eye, at the macula where they form the macular pigment (yellow colour). Meso-zeaxanthin is particularly concentrated at the centre of this pigment. The macula is a specialised part of the eye that is responsible for our detailed, central vision.

Lutein and zeaxanthin can be found in fruits and vegetables and meso-zeaxanthin is present in some species of fish and seafood. The carotenoids in MacuShield are obtained from marigolds (Tagetes Erecta) the petals specifically are used.

## INGREDIENTS

Marigold Extract: 157mg.

Containing: **LMZ3™** Marigold extract (containing: lutein, meso-zeaxanthin, zeaxanthin) and Vitamin B2 (as Riboflavin).

Store in a cool dry place, between 5°C to 25°C.
